Many thanks to Dahnish for catching a few edits! We sent them forward (publicly accessible HERO links, one typo, one font issue). As soon as I see an update, I will share it with you.

Best Regards,

Many apologies, IOAA! Nikki looked at the letter one more time and realized that some of the HERO links were to the intranet HERO site. Those links have been replaced with external HERO links in this version. No other changes have been made and all other files are reattached here. Hopefully this doesn't cause too much confusion.

Greetings, IOAA. Good news! The response to the Chloroprene RFC came back from OMB and they had no comments. Nikki updated
